*Come to*  
**KENTUCKY**

*for the improving kind*

Ready for a sale day welcome. The entire family of W. L. Lyons Brown have joined together to perpetuate the Ashbourne influence in Shorthorn breeding started by Governor A. C. Shallenberger in Nebraska in 1898. Governor Shallenberger was the paternal grandfather of Mrs. W. L. Lyons Brown.

## *We Invite You . . .*

Greetings and best wishes to all lovers of good Shorthorn cattle. We hope you will pay us the honor of attending our Third Annual Sale. Again this year we are proud to be associated with Luther K. Rice, one of the most highly respected breeders in America. Although we are perfectly willing to let the cattle speak for themselves on sale day, we do not hesitate to assure prospective buyers that the offering is one of the strongest in Blue Grass Shorthorn history.

To further improve the Browns of Kentucky herds, we commissioned Clint Tomson to buy the best bull at the 1953 Perth Show and Sale in Scotland. He responded by acquiring the Supreme Champion Drummondreach Advocate. Through the use of this internationally known bull we are able to offer our customers a blend of the best blood of two continents. Since the two principal sires in the Luther Rice herd provide a similar blend, this consignment fits perfectly to make a offering worthy of your travel and time.

It is our hope that you can arrive on the day prior to the sale for a leisurely inspection of the four herds. We look forward with pleasure to your visit.

## **The Club Calf Sale**

**An important feature of  
the annual Browns of  
Kentucky Sales**

For several years we have combined a club calf sale with our annual purebred sale. Quality has been high, yet the calves have sold at prices that have left plenty of room for profit for those junior club members who bought them.

This year the club calf sale will contain a total of 27 calves from the following herds:

**Almahurst Farm, Nicholasville, Kentucky**

**Ashbourne Farms, LaGrange, Kentucky**

**Sutherland Farm, Prospect, Kentucky**

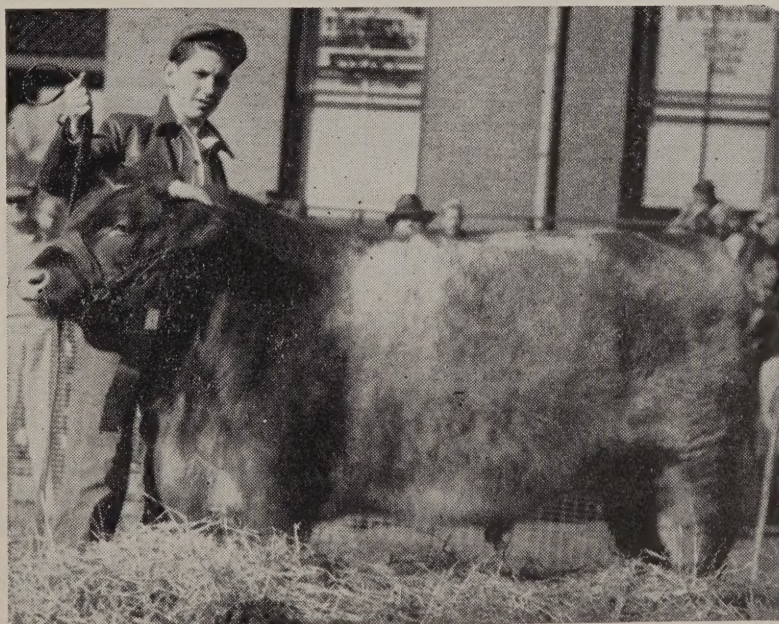

**Faraway Farms, LaGrange, Kentucky**

**Aldymar Farm, LaGrange, Kentucky**

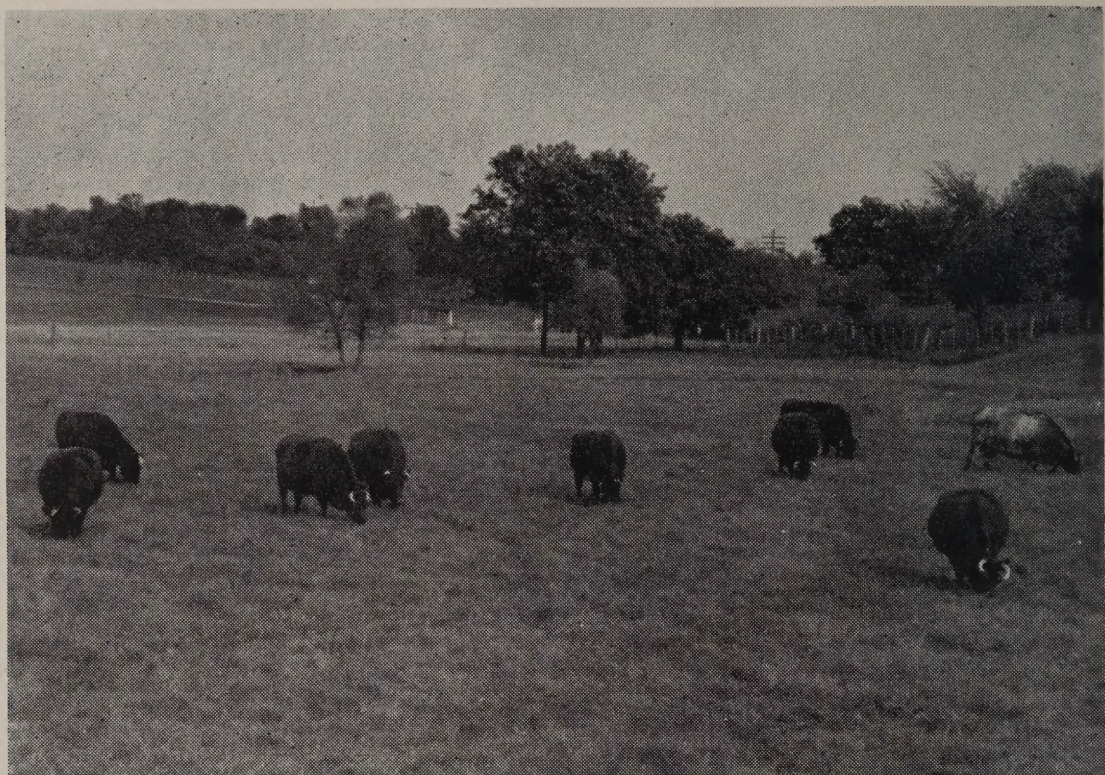

We wish the new owners a lot of success with these calves. They look to us like the kind that can win.

## **Club Calf Sale Starts at 10:00 a.m.**

Right—Kenneth Reed, Woodford county, Kentucky, and Beacon's Pride, his grand champion steer over 1500 entries of all breeds at the Louisville Fat Stock Show. This steer was made available to Kenneth through a program of the Brown-Forman Experimental Farm.

You will see some of the best cows of the Shorthorn breed in the pastures at Luther K. Rice Farms.

This is Leveldale Capitol, the sensational young bull that won grand championships for Mathers Bros. at the 1956 Illinois and Ohio State Fairs. He is out of a daughter of Kirk-forthar Endeavour, famous imported sire in service at Luther K. Rice Farms.

## *A Word From the Sale Manager . .*

**Better Shorthorns every year!** That's the slogan of the Browns of Kentucky and Luther K. Rice . . . and those who attend the sale on October 6 will readily agree that these master breeders really live up to their slogan. The 1956 offering contains better individuals and richer bloodlines than ever before.

There is much to recommend this sale as a place to buy since the offering represents a combination of the blood that has proved most beneficial on two sides of the Atlantic . . . Mercurys through the twice International reserve champion Sni-A-Bar Randolph and Kirkton Baronets through the 1953 Perth Supreme Champion, Drummondreach Advocate.

There is no stiffer test than the showing. Few breeders ever achieve the distinction of breeding an International first prize winner. During the past five years The Browns of Kentucky have exhibited numerous first prize winners and have twice won first prize in the coveted "get-of-sire" class at the great International Show.

The rise of The Browns of Kentucky to leadership in the Shorthorn industry is no surprise to those who know the owners and managers of these establishments. This is not an organization to stand still and rest on its laurels. All are expert cattlemen. All are boosters in every branch of the industry, purebred, commercial and junior activities. Joining The Browns of Kentucky in this sale is Mr. Luther K. Rice, Paris Kentucky, one of the best cattlemen and finest gentlemen this writer has ever known.

If you have never attended a Browns of Kentucky Sale, you have missed one of the best-of-all annual Shorthorn events. The cordial hospitality is second to none.

The cattle are excellent, the bloodlines are strong and the entire sale is backed by men who command the respect of the entire Shorthorn industry.

Sni-A-Bar Randolph—The most famous sire of the Mercury line. He was twice an International reserve champion and a member of the first prize get-of-sire, first prize pair of yearlings, first prize two-bull and three-bull groups at the International Livestock Show. Although a great show bull in his own name, his real recognition in Shorthorn history will always be as a sire. In 1950 we exhibited his first calves. They won the get-of sire class at the 1950 Eastern National. At the 1951 International we exhibited six Randolph calves, winning first prize senior yearling, first prize junior bull calf, second prize two-bull group, second prize senior heifer calf, fourth prize junior heifer calf, fourth prize senior get-of-sire, first prize pair of calves and first prize junior get-of-sire. On the 1952 show circuit, his calves won the first prizes at many state fairs and ended the season by winning first prize in the senior get-of-sire class at the International Livestock Show. Again in 1953, 1954 and 1955 we exhibited his sons, daughters, grandsons and granddaughters with success.

# DRUMMONDREACH ADVOCATE

**Supreme Champion, Perth, Scotland, Show and Sale, 1953**

Only five times in history has the Supreme Champion at the great Perth show and sale in Scotland come to North America. Drummondreach Advocate was the Supreme Champion in 1953 under Clinton K. Tomson, one of the world's most widely known Shorthorn judges, and was purchased for us by Mr. Tomson.

Besides the record of his calves in the old country, Drummondreach Advocate has now given us ample evidence of his potency as a sire. You will see many excellent calves by him in our herds.

Two sons and nine daughters will be sold in this sale. As of the pregnancy examination in mid-August, five other sale females were pronounced safe in calf to him.

Drummondreach Advocate is backed by blood that has proved most prepotent in Scotland. His sire, Calrossie Balmoral, a grandson of the noted Kirkton Baronet, stood second in class at Perth in 1951. Calrossie Balmoral proved himself the supreme sire in the 1953 Perth Show by siring not only the supreme champion bull but also the grand champion female. The dam of Drummondreach Advocate is the best female in the MacWilliam herd and is by Magheramorne Commodore, two of whose sons, Garguston Cock Robin and Drynie Roger made conspicuous records in American herds.

Drummondreach Broad Acre and Drummondreach Rolling Stone, sons of the 1953 Perth Supreme Champion that were sold in the 1954 Perth Sale. Both were bought by Argentine breeders at \$1,800 and \$2,010 respectively. Note the depth, ruggedness and grand heads.

Kair Martinet—A son of Corrimony Golden Sovereign whose calves sold in North America have averaged over \$4,000. This bull was the second top of the 1955 Marellbar sale. His dam is a full sister to the dam of Leveldale Barbarian that sold in the Mathers sale for \$8,700 to Hawthorne Farms, Marshall, Virginia. Note the intensive line breeding of Bapton Battleship and Bapton Commando. We are using Kair Martinet liberally and nine of sale heifers will carry his service.

## **Show Bulls Must Be Breeding Bulls To Stay In The Brown Lineup**

The Ohio State Fair is the meeting place of the nation's great show herds. We have exhibited there every year since 1947. A summary of our top bull winnings there demonstrates the ability of our show bulls to sire prize winning calves.

- 1947 . . . Sni-A-Bar Randolph was the grand champion bull
- 1948 . . . Prince William 15th was the grand champion bull
- 1949 . . . Ashbourne Perfection, one of Prince William 15th's first calves was the first prize summer yearling.
- 1950 . . . Ashbourne Bank Mercury, one of Sni-A-Bar Randolph's first calves was the first prize senior bull calf
- 1951 . . . Ashbourne Bank Mercury was the grand champion bull. That year he was placed in service in the herds.

## Kentucky Is Proud of the Luther Rice Shorthorn

You will find wonderful cows in the Luther K. Rice herd. While you are in Kentucky, visit this famous farm, located in the heart of the Blue Grass on U.S. 68, midway between Lexington and Paris.

(Left) A Luther Rice cow pictured with a pair of calves by Imp. Kirkforthar Endeavour.

You will always see deep bodied, thick cows with outstanding calves at the Luther K. Rice Farms. Be sure to see this herd while you are in Kentucky.

Two bulls, seven open heifers and one bred heifer in this sale are from the noted herd owned by Luther K. Rice at Paris, Kentucky. Those who have inspected this herd readily admit that it is one of the best of the breed and those who have bought the herd productions are loud in their praise of the prolificacy and improving ability of Rice Shorthorns.

(Above) A perfect calf-hood head. This calf, bred by Luther K. Rice, developed into one of the top selling animals at the Kentucky State Sale. His name is Modest Senator.

(Right) The Luther Rice productions are thick and compact with plenty of scale, bone and weight for age.

A highlight of the annual American Shorthorn Breeders' Assn. banquet was the presentation of an enlarged photo of U K Spotlight, the reserve grand champion interbreed steer, to his breeder, Luther Rice, Paris, Kentucky. Here President Harold Thie-man is shown making the presentation.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
